

	Global North Barriers (Worldview Problems)	Contemporary Global North Worldviews and Paradigms are Barriers	Observed Global North Finishing the Task Outcomes	Kingdom of God Biblical Values and Worldviews- Common in the Global South	Kingdom of God Breakthrough Values and Paradigms	Observed Global South Kingdom Values Outcomes
Praying for Resources	In the goal of finishing God's task for the church, Global North Church assumes its resources are primarily money and expertise	Organizational, financial and personnel capacity defines the scope of spiritual outcomes	The Global North church is maintaining the status quo at best, with thousands of churches closing their doors every year	The goal of finishing the task requires only one key thing: God's resources empowering courageous, ordinary people	Mobilize massive prayer, and trust God for invisible and unexpected resources that achieve impossible outcomes	With limited financial and logistic resources, in the last 30 years the Global South Church has achieved the greatest growth rates of the church in history.
Praying for Vision	Vision is bounded by financial and strategic capacities	Vision is defined by what is possible with existing staff and funds	\$1,550,000 per baptism in North America.	Jesus' unbounded vision is for God's Glory, God's Kingdom, and God's Will to be Manifested Everywhere	Ask God for your vision, not your accountant or consultant	Much of the amazing growth in the last 30 years has happened among historically unreached people groups.
Praying for Jesus' Strategies	Business models are the default. Jesus' counter-intuitive ministry model is not taken seriously. Prayer and fasting are rare.	Productive mission strategies of the past are being overwhelmed by new global realities	The Global North church is being overwhelmed and stymied with changing demographics at home. Old strategies are failing	Finishing the Task is God's work and He privileges us to partner with Him. Jesus' promised strategies are supernatural and they work miraculously.	Much prayer releases the power of the Holy Spirit, provides access into hostile communities, and empowers ordinary people to do the impossible.	In the last 30 years, replication and multiplication of disciples and churches are happening with miraculous speed despite limited logistical resources. <\$700 per church
Praying to God for Harvesters	Professionalization keeps ordinary people in the pews instead of in the harvest	Achieving Matthew 24:14 will happen through highly trained professional disciple makers and church planters	"Equipping the saints for ministry" is limited to a very small percent of church members.	Achieving Matthew 24:14 goals happens by abundant fasting and prayer in every church, and empowering ordinary people to minister.	Ministry depends on leaders who empower and coach ordinary people for the work of ministry.	Almost all movements depend on pastors and indigenous trainers to coach and mentor ordinary people to make disciples and plant churches that replicate. Hundreds of new leaders rise from the harvest.
Ministry Focus 1: Compassion and Healing	Bifurcated Ministry: Compassion OR Disciple Making	Most ministries focus on either compassion or on proclamation	Churches and ministries in North America, Europe, and Oceania are ever more marginalized.	Holistic Ministry: Compassion/Healing AND Disciple Making	Jesus' ministry model is both: (1) Compassion and healing, and (2) Obedience to God, and Spiritual Transformation	The rapid growth of hundreds of disciple making movements in the world today with dramatic transformation of people and communities
Ministry Focus 2: Disciple Making	Bifurcated Ministry: Compassion OR Disciple Making	Making converts happens by imparting knowledge about the Bible	Rapid Erosion of Biblical Worldviews in Global North Churches	Holistic Ministry: Compassion/Healing AND Disciple Making	Making disciples requires non-legalistic obedience-based processes	The rapid growth of hundreds of disciple making movements in the world today with dramatic transformation of people and communities
Unbranded Ministry Models	Branded Ministry: Ownership and Distinctives	Ministry is most comfortable and effective when done in the context of common creeds and preferences.	Virtually no churches or ministries in the Global North have been able to catalyze movements by themselves.	Unbranded Ministry: Share everything God gives you with other churches and ministries	God blesses unity in ministry. The more partners working together for the sake of an unreached or unengaged people the better.	Virtually all of the hundreds of Kingdom movements happening today are partnerships.
Praying for God to break barriers and draw the lost	Hardening Cultural Barriers Between Christians and the Culture	Engaging a new culture with the Gospel requires highly trained professional cross-cultural specialists	The rapid adoption of humanistic philosophies (and "progressive" Christianity) of the 21st century are escalating the marginalization of the Global North church	God Has Infinite Supernatural Ways to Bridge Cultural Gaps. People of peace, signs and wonders, and serendipitous events bridge the cultural chasm.	Engaging a new people group or urban community requires much prayer before sending disciple makers to find people of peace who providing access to the community.	Within a year or so, almost every engagement that is attempted with much prayer eventually sees replicating generations of disciples and churches.
Praying to endure sacrifice and persecution	Risk Aversion	Avoid places where disciple makers may be seriously persecuted or killed.	Churches are planted to match the demographics of the most easy to convert and accessible populations.	Sacrifice and Suffering are Normative	"A sheep among wolves" experience is normative in disciple making where the Gospel has never gone or never thrived. Some martyrs are inevitable	Movements among unengaged people groups happen primarily through ordinary Christians coached and mentored to make disciples and plant churches.
